Dev Log 02 – Omar Al-Dib

1. WHAT I ACCOMPLISHED (Time taken approx. 4~6 hrs)

+/- Researched and went over android studio videos and tutorials, as well as github

+/- Discussed the UI design with Ibrahim.

+/- Finalizing the Logo and sketches for the UI

+/- Began research over clothing websites for tags and types of clothes we will include in app

2. WHAT I PLAN TO ACCOMPLISH BY NEXT TIME

+/- Start working on sketches of the uml to have an idea on how the classes will be linked

+/- Try and figure out how to transform sketched UI into the program

3. WHAT QUESTIONS/DIFFICULTIES AM I HAVING

+/- I am honestly having a lot of trouble using both android studio and github

+/- I am also not too caught up in course material, so having trouble trying to understand use cases and uml to the appropriate level

4. WHAT PROBLEMS DID I RESOLVE

+/- Chose finalized logo with Ibrahim and the team

+/- Found online tutorials to help aid the learning of the different programs
